

Customer Assurance Plan

At Bytec Corporation and Lotus Development Corporation, there's a strong commitment to customer service and product support. We offer a full range of support services, all designed to help insure that you get the maximum possible benefits from your Bytec Hyperion product. This booklet describes those services. It includes:

Customer Support
Product Upgrade Plan
Product Replacement Plan
Limited Warranty
License Agreement
Replacement Order Card
Purchaser Registration Card

Customer Registration

To take advantage of Bytec Hyperion's customer services, you must be a registered Bytec Hyperion product owner. Please take a moment now to fill out and return the Purchaser Registration Card that's attached to this booklet.

Returning the registration card gives you access to:

1. the Bytec Hyperion Product Upgrade Plan that enables you to buy new versions of your product when they are introduced, at a special upgrade price.

2. the Bytec Hyperion Product Replacement Plan that allows you to replace defective products after the warranty period, at a small charge.

Customer Support

Both your dealer and Lotus Development Corp. offer you continuing support in the form of telephone advice and other assistance. Should you encounter any difficulty in using the program, or if the program does not operate as described, we suggest that you do the following in order:

1. Consult the User's Manual and other instructional materials that accompany the product. They contain answers to most users' questions. Also, check to see if the program supports the particular operating system, interfaces, and peripherals that you have.
2. Consult your dealer. Most dealers are knowledgeable about Lotus products and are your convenient local source of information.

3. Finally, if your question cannot be answered by reading the manual or consulting your dealer, call the Lotus Customer Service department at (617) 492-7870 between 8:30-8:00 [Eastern Time] Mon-Fri. Before calling, please gather all information relating to the problem. This will make it simpler for our service representative to understand the problem and offer assistance.

Product Upgrade Plan

New versions of this product, incorporating new features and capabilities, are regularly introduced by Lotus as part of its ongoing product development program.

The Bytec Hyperion Product Upgrade Plan enables existing customers to take advantage of these enhancements.

Under the Product Upgrade Plan:
1. you will be notified by mail whenever a new release is introduced.

2. you have the option to purchase new releases at a special upgrade price.

Important: To qualify for the Product Upgrade Plan, you must complete and return the Purchaser Registration Card.

Product Replacement Plan

This Bytec Hyperion product has a limited warranty for 90 days as specified in the Limited Warranty section below. In addition, if a disk becomes damaged within three years after the warranty expires, Bytec Hyperion will replace it for a \$15.00 replacement charge. Both the Limited Warranty and the followup Product Replacement Plan apply only to the original purchaser.

For replacement during the warranty term, complete the Replacement Order Card attached to this brochure. Send the defective product, the replacement order card and proof of purchase to

Bytec Hyperion
8 Colonnade Road
Ottawa, Ontario
Canada K2E 7M6
Attn: Customer Service Dept.

To qualify for the post-warranty Product Replacement Plan, you must be a registered Lotus product owner. Be certain that you have completed and returned your Purchaser Registration Card. To obtain replacement disks, complete the Replacement Order Card and send it along with the defective product and \$15.00 to

Bytec Hyperion
8 Colonnade Road
Ottawa, Ontario
Canada K2E 7M6
Attn: Customer Service Dept.

Limited Warranty

Bytec Hyperion warrants that:

a. the material of the software disk and the User's Manual are not defective;

b. the program is properly recorded upon the disk;

c. the User's Manual is substantially complete and contains all the information which Bytec Hyperion deems is necessary for use of the software;

d. the program functions substantially as described in the User's Manual.

This Limited Warranty is implemented solely through the above Product Replacement Plan.

Bytec Hyperion excludes any warranty coverage for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
